M/s. JVS Engineers, Vadodara vide its email dated 11.03.2016 expressed its inability to attend the UAC meeting due to unavoidable circumstances.

The Committee decided to consider the request of the unit based on the written submissions made by the unit.

Observation/Decision of the Committee:

- Projected Export for the Repair and Maintenance Services is 1 million USD every year
 - The unit had requested to allow them to receive the payment in Indian currency for repair and maintenance services provided to ONGC and other Govt. Departments. But, in terms of para 6.08 (b) of FTP, for sale of services in DTA, payment of such services is to be received in foreign exchange.
- 

The Committee therefore, decided to approve the proposal of the unit for inclusion of Repair and Maintenance Services for International Exports in their LOP dated 18.08.2006, as amended subject to the condition that the unit should maintain separate accounts for services and manufacturing activities and no DTA Sale of service activities would be allowed in INR. Further, it should be stated in the permission that the said permission for repair and maintenance services is effective from the date of issuance of permission and it should not be taken as a shield for any action in contravention that have been done in the past.

The meeting ended with thanks to all present.
